

2014 EARLY VOLUNTARY CONTRIBUTION CAMPAIGN UPDATE

Fruitful and gratifying, the 2013 voluntary contribution campaign reached a closure of 160,000\$ donation from Chinese alumni and 29,700\$ from non-Chinese alumni, with the effort of our dear President and other TLBU family members.

The year 2014 gravely desires for TLBU and its family members a turning point, which is expected to guarantee TLBU global system the commencement of a bright future. According to President LYOU’s plan, there are several important programs on the agenda, such as the international law firm, international trade, and Global School program for Chinese children.

The accurate situation of the plan is as follows:

1) The International Law Firm

The international law firm has already been registered in Seoul. President LYOU expects an annual recruitment of over 10 Korean lawyers as students. Up to now, the recruitment of Korean lawyer students is working. 19 Korean lawyers have applied to TLBU with the motivation for international law firm. Besides, Mr. Bae Hoon, the representative of Japanese Law firm in Osaka, visited TLBU on May 25, with a new lawyer student.

To consolidate the fundament of TLBU global system, from 2015, yearly several TLBU graduates will be supported for their further study in the

U.S and they will work as managers of TLBU system there. With the impetus of fundamental promotion, within 3 years, international law firms will be set up in Seoul, Washington and NY-NJ area, and Paris, with cooperation of Liu Fanping, Monirith and professor Thomas Ryou. In addition, President LYOU continuously concerns himself with concrete plans of alumni to establish law firms in Beijing, Shanghai and other cities in East Asia, and is willing to support them with TLBU global system.

2) International High School

The international high School program is perceived to play a critical role on successful proceeding of TLBU global system

According to President LYOU’s project, TLBU plans to buy some campus among candidate schools in three areas: New Jersey, Maryland, Virginia. The school, which will mainly accept students from China, Korea, America and other East Asia countries, is expected to recruit students from 2016. For the purpose of establishment of international high school, President LYOU has meeting with parents of Global School students, from which he obtained support and promise to send their children to the international high school in America after graduation from Global School.

3) Voluntary Contribution of alumni

Although TLBU global system is now heading in a promising track, there still remain heaps of obstacles in the way achieving prospective goals.

All the TLBU family members are now gathering together as a whole, under the wing of the God's bless and our dear President's support, to grasp golden opportunity to realize TLBU Mission, without hesitation and regret.

Driven by awareness that the financial challenge is the root of other quantities of problems facing the constitution of TLBU global system, as well as deep affection and gratitude to President LYOU and TLBU, voluntary contribution comes like flood. So far, numerous motivated TLBU family members have made promises of donation. The detailed information is shown as below in the chart(Updated to May 23).

From 2015, new students will share their own accommodation 11,000\$ for two years before coming to Seoul. At the same time, TLBU will maintain its unique tradition to continue to provide full scholarship around 50,000\$ for tuition for two years.

Thanks to alumni and present students' strong motivation and warm support, TLBU has jumped a big step. But there is still a long way for us to go. All TLBU family members share the same spirit and dream, so they never forget their divine identity of apostles of regional cooperation and world peace. Since the recruitment of Global School

is facing with severe challenges, as well as other due payments, such as tax, bank loan interest and salary to staff, are producing troubles, TLBU system is now suffering much financial difficulty. But with alumni's voluntary contribution some urgent bill could be paid and senior graduate students could complete their field study in Europe. It is really all because of alumni and present students' donation support. And it's never the end but just the beginning of this year's voluntary contribution campaign.

To make contribution much meaningful and everlasting in history of TLBU and in our society, President LYOU is considering several productive ideas which will help contributors.

SPECIAL LECTURE FROM ASSISTANT MINISTER JO DAE SHIK

On March 27th, Assistant Minister Jo Dae Shik visited TLBU Graduate School in Seoul. After meeting with our dear President Lyou, he gave seniors as well as juniors, a short lecture.

Jo Dae Shik, who is a current assistant minister of Ministry of Foreign Affairs of The Republic of Korea(MOFA) has served long as a diplomat. He was Republic of Korea Ambassador to Libya, successfully calmed down the chaotic embassy office

in capital Tripoli. Prior to that, he worked in several Asian countries including Singapore and in 2009, he worked as Director General for Cultural Diplomacy and Public Diplomacy, which in charge of promoting cultural exchanges between Korea and abroad.

During the lecture with students, Assistant Minister Jo firstly recalled his working experience as the ambassador of Republic of Korea in several states. Among his multiple experiences, the term in Libya impressed him a lot. "Although it was my duty, as at this position, to safely evacuate my people out of Libya. I felt, however, that it is the

patriotism that really drove me and my colleagues to exercise our duty at the risk of injury and death from the civil war in Libya. Such love, no matter for your country or for your family and hometown, is the key factor that lead you to success," said him.

The lecture lasted around one hour. At the end, students brought up some questions, as to how to make concrete plans and some detailed stories while evacuating people from Libya during the civil war, to Assistant Minister Jo Dae Shik and he replied with patience.

Due to his tight schedule, Assistant Minister Jo left TLBU right after having lunch, in which students introduced themselves and

communicated further with him. Assistant Minister Jo promised to visit TLBU in the near future and to continue his lecture with all the students. All the

members are looking forward to his next visit sincerely.

ALUMNI STORY: ACTIVITIES WITH PRESIDENT OF CHINA MR. XI JINPING IN FRANCE

Editor's Note: Alumni FU Chao, one of the excellent representatives, is now studying in TLBU institution in Paris for doctor degree, who also sacrifices himself a lot for TLBU mission.

At the end of March, President of China Mr. Xi Jinping has made a state visit to France as well as some other European

At the end of March, President of China Mr. Xi Jinping has made a state visit to France as well as some other European countries. As a Chinese student leader in France, I am honored to be invited to some activities of President Xi here.

In the evening of March 26th, I was invited to go to the hotel President Xi stays, the Four Seasons, to have a photo session with him, his wife and his accompanying high ranking officials. After the photo session, he delivered a 27 minutes speech to us, the representatives of Chinese in France, although it was already after 23:00 and a tight visit schedule. He introduced about his visit this time, the relationship between China and France as well as the recent developments in China.

I also had the chance to attend President Xi's wide-ranging speech on civilization delivered at the UNESCO headquarters in Paris where our graduate students have visited on April 22nd. The most impressive thing is that I recognized a lot of echoes of our TLBU Mission from President Xi's speech:

UNESCO was born 69 years ago when the smoke of the World War against Fascism had barely dissipated. The grisly horror of war forced mankind once again to reflect on the nature of war and peace. Throughout the centuries, people have yearned for

countries. As a Chinese student leader in France, alumni FU Chao was invited to some activities of President Xi.

The joyful and uplifting message conveys to all TLBU member signifies that FU Chao had a meeting with President of China. Being continuously studying hard in legal profession and supporting TLBU, he is

lasting peace, but war, like a haunting ghost, has been accompanying the journey of human progress every step of the way.

The stone wall at the entrance to the UNESCO headquarters carries the inscription of one single message in several languages: **Since wars begin in the minds of men, it is in the minds of men that the defenses of peace must be constructed.**

As long as the idea of peace can strike deep roots and the sail of peace can be hoisted in the hearts and minds of people all over the world, a strong defense will be constructed to prevent and stop war. People hoped to promote inter-civilization exchanges, equality of educational opportunities and scientific literacy in order to dispel estrangement, prejudice and hatred, and spread the seeds for the idea of peace.

The aspiration and vision as such deserve our renewed commitment. Not only so, but we must also step up cross-border, cross-time-and-space and cross-

certain to play a more important role as an apostle of the regional cooperation mission with this new qualification. And we are glad to receive the email from Alumni FU Chao as follows:

civilization activities in education, science, technology and culture to spread the seeds of the idea of peace far and wide so that they will sprout, take root and grow in the hearts and minds of the world's people, and provide the planet we share with more and more forests of peace.

Civilizations have become richer and more colorful with exchanges and mutual learning. Such exchanges and mutual learning form an important drive for human progress and global peace and development.

This is precisely why UNESCO was established in the first place. And this is also what TLBU Mission and President Lyou are pursuing with all the efforts.

FIELD STUDY IN EUROPE

The Field Study in Europe supported by President Lyou aims to provide TLBU students with good opportunities of study Western societies and successful examples of regional cooperation.

For the class 2014, the study began from 5th April and ends on 2nd May 2014, in four different European countries: France, Switzerland, Netherlands, and Belgium.

European Continent has a glorious history and vibrant life in creating art. Two weeks of intensive trip in Paris has provided students with journeys in many museums, gardens and chateaus with

abundant of sculptures, paintings and mosaic.

From Louvre of worldly fame to interesting ones like Pompidou and Museum d'Orsay, students in four groups prepared their own itinerary and cooperate in the travel. Exhausted though, they gained rich and exciting memories in visiting those treasure of art of history and present.

Some visited Sacré-Coeur Basilica, a Roman Catholic Church dedicated to the Sacred Heart of Jesus. Christianity shaped city of Paris in its face in terms of architecture and its inner spirit.

From 21st, the field study entered into its second stage. International Organizations visited in whole week are: The United Nations Educational, Scientific and Cultural Organization (UNESCO) in Paris, World Trade Organization (WTO), World Intellectual Property Organization (WIPO), International Telecommunication Union (ITU) in Geneva and European Commission in Brussels.

The meetings with each representative of the organizations have brightened their knowledge about the function and challenges of each organization, deepening the understanding of textbook or lectures on International Organization.

It is undeniable that the successful completion of European field study cannot happen without the love and sacrifice from dear President Lyou. Gratefulness for being a member of TLBU community is surely strengthened after the one-month unforgettable trip.
